Re: MB Docket No. 10-56

Dear Chairman Genachowski,

It has come to my attention that you are currently considering Comcast's proposed acquisition of NBC Universal. As you review that acquisition, I thought it might be helpful for you to know how much having Comcast as a community partner has meant to the Renaissance Entrepreneurship Center.

We are a non-profit organization dedicated to helping those who traditionally lack necessary information and financial resources to achieve self-sufficiency through entrepreneurship. Each year Renaissance helps more than 1,500 low and moderate income Bay Area women and men who in turn launch and grow over 400 businesses.

We could not provide these critical services to our clients, of whom 72 % are women and 75% are people of color, without the tremendous assistance of local benefactors like Comcast. The generous support of Comcast enables us to continue providing our extensive business training and support programs at low or no cost.

During your review of this proposed transaction, I hope you will consider the tremendous impact Comcast has on our work on behalf of low and moderate income entrepreneurs throughout the Bay area. We could not achieve all we have without its support.

Sincerely,

Sharon Miller  
CEO
